Thank You

At Be A Mercy, we are dedicated to the careful and ethical management of every donation, including zakah and sadaqah, ensuring all contributions are distributed in accordance with Islamic principles and fulfill their intended charitable purposes. As part of our religious responsibility in facilitating these charitable programs, we maintain the necessary operational capacity to deliver services effectively and with care across all eligible categories. We also prioritize direct impact by largely avoiding excessive investment in marketing and promotion.

May Allah (SWT) accept your contributions as sadaqah jaariyah and bless you with abundant reward in this life and the next. May He unite you with the orphans and communities you've helped in Jannah. Ameen.

"Those who are merciful will be shown mercy by the Merciful. Be merciful to those on the Earth, and the One above the heavens will have mercy upon you." (Tirmidhi)

Jazakum Allahu Khayran for your continued support.
